Room G20

FOR PRETEENS/TEENS ONLY with Jennifer Herzog

Do you feel too tall, too short, too skinny, or too fat? Is your hair too curly or too straight? Do you ever think you're not athletic enough or not smart enough or don't have the right clothes for the "in" crowd? The world screams that beauty, intelligence, and wealth are the keys to happiness and success in this life. Come learn why the world is wrong! God creates each of us in His image, with unique qualities and abilities. Our self worth should not be measured by the world's standards but by God's standards!! *"The Lord does not look at the things man looks at. Man looks at the outward appearance, but the Lord looks at the heart."* 1 Samuel 16:7

"Healthy Friendships"

If you said to your Tween or Preteen, "I have some free time Saturday, would you like:

- To go shopping or stay at home and watch a movie together?"

What do you think their answer would be? Gary Chapman's 5 Love Languages for Children will help you understand what fills your child's love tank. Every child is unique. Discovering and speaking your child's primary love language will strengthen the bond between you. Learning what makes your child feel loved will take your relationship to a new level that both of you will appreciate.
